Java program to print natural numbers upto 10 using while loop.

```java
public class Whileloop
{
  public static void main(String args[])
    {
        int i=1;
    while(i<=10)
        {
            System.out.println(i);
                i++;
        }
    }
}
```

Output:-

1
2
3
4
5
6
7
8
9
10
